TWELVE MONTHS TO RAISE A MILLION

Help Harry Townsend fund melanoma research, raise a million pounds and gain a million sponsors in the next twelve months, and smash the world record for Most Sponsors for One Person for One Event, on his trek from rim to rim of the Grand Canyon in September 2008 to raise money for the MYFANWY TOWNSEND MELANOMA RESEARCH FUND (Registered Charity 1085969, www.melanoma-fund.co.uk)

We aim a) to find a cure for malignant melanoma, a disease that affects 1 in 50 with a very high death rate b) raise awareness and c) make diagnosis more available. Details, diary and sponsor numbers are on the website under Million Pound Target. We've set up a research laboratory, and funded a specialist skin cancer nurse: my walk end to end of New Zealand's north island, pushing a wheelbarrow, funded the formation of the Melanoma Foundation of New Zealand.

Doesn't matter if it's 5p or £1. But please add your postcode and address, to enable them to ratify the record: and remember, we want that million!
